# PROGRAM OVERVIEW

## Session 1: Incubator Launchpad - The Science Behind Success

Solid foundations matter. Get oriented to the program, your peers and dive into the rapid exploration of meaningful leadership through the four pillars of the Science Behind Success™.

## Session 2: Mindset That Matters - Activating Your Agency

Meaningful impact starts with your mindset. Learn the mindset that differentiates those who are agile and responsive from those who get sucked into stagnation.

## Session 3: Connection, Empathy & Value Creation

Creating value makes you indispensable. In this session you'll learn the skills to connect with others in a world of silos and create instant value with almost anyone.

## Session 4: Connection Laboratory

The previous session was a warm up. Now, you'll get repetition and practice as you will exercise your connection skills with peers in this rapid connection laboratory.

## Session 5: Accelerating Your Career Vision

A big barrier in people's development is that they don't have a concrete vision. In this session, you will learn a process to capture your ideal vision and develop a road map to get there.

## Session 6: Career Vision Laboratory

You have built the foundation of your career vision and in this session, you'll engage in rapid peer collaboration. You'll get clear about your unique strengths, purpose and path forward.

## Session 7: Build Confidence and Battle the Imposter Syndrome

Do you have to fake it until you make it? This session shatters old standing myths and helps you establish the foundation for confidence and the fervor to battle the imposter syndrome that can drag down your career.

## Session 8: How To Accelerate Meaningful Relationships

There are preventable things that erode the quality of your working relationships. You will learn the method to eliminate the madness in your relationships and inspire better performance and collaboration with your peers.

## Session 9: Relationship Conflict Laboratory

There are times that you know friction will show up in a relationship. In this session, you will build on the previous session and collaborate to tackle your professional relationship challenges. This fast-paced laboratory will result in a specific road map to renovate even the most challenging peer relationships and prevent future issues.

## Session 10: How to Lead Up: A practical Guide on How to Train Your Boss

You are constantly training your boss how to engage with you. How are you training them? In this session, you'll develop a specific action plan to create mutual success by doing the little things that make a big difference with your leader.

## Session 11: Leading Up Laboratory

You will collaborate to amplify your ability to lead up. Through rapid team exercises, you will develop a plan to eliminate inefficiencies, frustrations, and unnecessary friction with your boss.

## Session 12: Creating Your Impact Playbook

What's better than SMART goals? In this session, you'll learn a four-step process to unlock engagement and create focus on what matters most as you accelerate your career path.
