

## Alec Albertson

Alec is a highly accomplished executive coach with over three decades of experience leading and developing individuals and teams across various industries and sectors. As a certified Co-Active Coach, Alec has a proven track record of unlocking human potential at both the individual and corporate levels, and his passion for coaching and mentoring is evident in every engagement.

Alec has a unique perspective on leadership and change management, having led major transformational initiatives with global impact while building and leading effective teams. His approach to coaching engagements is rooted in helping clients align their personal, team, and organizational goals and values to achieve engagement and win/win/win outcomes.

Alec's experience is not limited to coaching and advising. Prior to establishing his coaching practice, Alec held a global leadership role responsible for a multi-billion dollar compensation and benefits portfolio for the World Bank Group. In this role, he successfully navigated a complex stakeholder environment and led major policy changes to improve alignment with the organization's strategy.

Overall, Alec is a highly skilled and experienced executive coach and advisor with a passion for developing human potential and driving change. His extensive experience leading teams through major initiatives and navigating complex stakeholder environments gives him a unique perspective on leadership and organizational effectiveness.

Alec's commitment to life-work balance is reflected in his hobbies, which include cycling, reading, and travelling. He lives with his wife and two canine companions and divides his time between homes in Florida and Spain.
